## **RE: Legislative Energy Relief Refund**

Dear Williamsport Electric Customer:

During the 2025 Legislative Session, the Maryland General Assembly passed the Next Generation Energy Act. Part of this Act requires the Maryland Public Service Commission to oversee the crediting of the "Legislative Energy Relief Refund" to residential distribution customers. The Act states that each residential electric customer is to receive a credit based on their consumption of electricity that is subject to the renewable energy portfolio standard. Based upon this, only residential electric customers should expect a credit of approximately \$41.24 on their electric bill at the end of August.

The Maryland Public Service Commission has requested that we let all of our customers know that if you would like to assist other customers who are struggling to make electric bill payments, please consider making a donation in the amount of your credit to either a local financial assistance charity of your choice, or back to the Town of Williamsport and we can distribute your donation to one of these customers. If you are interested in making a donation to the Town, please bring your donation to the Town Office at 2 North Conococheague Street.

With Thanks,

Dr. Chad P. Rooney  
Town Manager/Clerk/Treasurer
