## Mayors minute

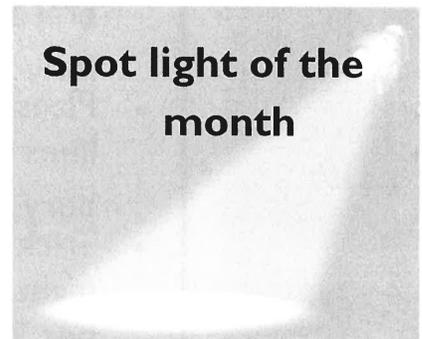

Hello Williamsport!!,

Williamsport is an active community with numerous ongoing projects. From opening bids for garbage services to ensure optimal quality and pricing for our residents, to scheduling important upgrades and repairs to the memorial library, we are dedicated to continual improvement. Plans are underway to enhance our upper playground, and replacement work for water lines on Salisbury Street is set to commence. Additionally, we welcome several new businesses to the area, further contributing to our town's growth.

As the Christmas season approaches, we have many initiatives planned for the coming weeks. Given the scope of our activities, we rely on the community's support to identify issues that require attention. If you notice street lights that are out or other concerns, please contact us so these matters can be resolved promptly. If you see something say something.

Mayor Bill Green
